mPOP®

Star Micronics' mPOP® (mobile point of purchase) remains the industry's first hybrid POS solution, combining a cash drawer and printer peripheral into one simplified and stylish system. The latest models, POP10CBi and POP10Ci, offer enhanced connectivity options to meet the diverse needs of modern businesses.

The POP10CBi and POP10Ci models are designed for seamless pairing with modern POS systems. They provide advanced features that elevate and simplify retail and hospitality operations, ensuring top-notch efficiency and performance. Both models support USB-C connectivity and are compatible with a wide array of devices, including iOS, Android, and Windows platforms. The POP10CBi model includes Bluetooth connectivity, offering additional flexibility.

With Apple MFi certification, both models provide a direct connection with the iPad®, iPhone®, and iPod Touch®, enabling them to charge your iOS device while transferring data. The same USB-C charging cord that comes with the iOS device can be used for this purpose. Enhancing functionality, the POP10CBi and POP10Ci include USB-A and USB-B ports for connecting external devices and peripherals, such as the optional 2D barcode scanner.

The mPOP combines a two-inch thermal receipt printer with "drop-in and print" paper loading and a unique and functional Flat Bill till. The till, featuring a 4-bill and 4- or 6-coin slot design, provides easy currency storage and management with the same small mPOP footprint. With multiple exit options for enhanced cable management, the mPOP complements any countertop or on-the-go area for a visually appealing POS system no matter where you do business.

Versatile Connectivity: Direct iOS connectivity and charging through USB-C, along with USB-A & USB-B ports; Bluetooth available (POP10CBi model)

Sleek, Ultra-Compact Design: Part of the mCollection® with advanced cable routing; easily pairs with mCollection accessories

All-Inclusive System: Combines printer, cash drawer, tablet stand, and optional 1D/2D scanner

Multiple Mounting Options: Counter clip, under-counter mount, and mUnite EZPOS stand available

Included Till: Flat bill 4-bill with adjustable 4- or 6-coin slots
